Help Us Bring the Gift of Education to Children in Nepal. All welcome.

Since 2016, the Glasgow Theosophical Society has been raising funds every year to help orphaned and impoverished children in Nepal receive an education.

Our donations go directly to Shree Saraswoti Secondary School in Doti, Nepal, providing not only education but also books, clothes, shoes, and accommodation for children who live days away from the school and have no access to education in their own villages.

For these children, education is more than learning. It is a chance for a different future. This year, we are short of the funds we normally send, and we are reaching out to our wider spiritual community for support. Join us for a **Sacred Shamanic Ceremony – Remembering Our Soul's Purpose** – book your place by email – info@isis-school.com

Through the sacred beat of the drum, we will journey within to connect with our Higher Self, remembering why our soul chose to come into this life and how we can bring our unique gifts more fully into the world. The ceremony will be facilitated by Fotoula Adrimi, who is the Membership Secretary of the Glasgow Theosophical Society.

All donations are collected by the Glasgow Theosophical Society and transferred directly to the Nepal School, without intermediary organisations. If you cannot attend but would love to help? You can make a donation here:
