**ISIS (ISET)
Divine Mother of All
offers words of wisdom to
support our soul's evolution**

This is ISET (ISIS) the Divine Mother speaking (channelled by Fotoula Adrimi)

Humanity has so much to learn. And the biggest lesson that the souls incarnated as humans have come to experience is the lesson of Divine Love.

People offer love to the Earth. They offer love to their garden, and they offer love to the animals. When it comes to offering love to other human beings or even to yourself, this is where problems can arise.

The way the egoic mind works is to develop judgements about others and impose judgements on others. People can develop agendas and tell others what is right / wrong and what they should do. The more judgements you have and the more you try to impose your thinking on others, the deeper you immerse yourself in the conditioning. This is why, as you walk the spiritual path we encourage you to give up judgements.

Spiritual practices in the presence of Enlightened Beings and high vibrational energies take you out of the conditioned reality of judgement into the space of love. The Divine Source holds no judgement of you, despite what you may have been told. The Divine and all enlightened spirits share the vibration

of Divine Love. Working with them aims to help you remember the love that you are.

The last era that you have collectively lived through was one of competition, judgement, and conditioning. This is the energy of the toxic masculinity where love has little place. In that era the toxic feminine was both suppressed and turned inwards against itself, in denial of who she is.

In the new era, that you are invited to co-create, there is a great opportunity to transcend these states. Where there was competition for a single person to be a leader, guru, or master, there is now the chance to build supportive community. The feminine aspect in its positive expression, is one of sharing, helping, and birthing the new. The positive masculine aspect is one of protection, building, creating, and sustaining. Both need to be honoured, harnessed, and work together for the new living paradigm to materialise, grow, and be grounded.

In order to do this, you must release the judgements of others. Do not condemn. Be skilful in your use of words, thoughts, and actions. This new era is all about co-operation. Low vibrational thinking creates polarisation and division, even within spiritual communities. The more you engage in that type of thinking the more you hold yourself back from evolving. These polarisations and divisions are a reflection. They highlight where love needs to flow.

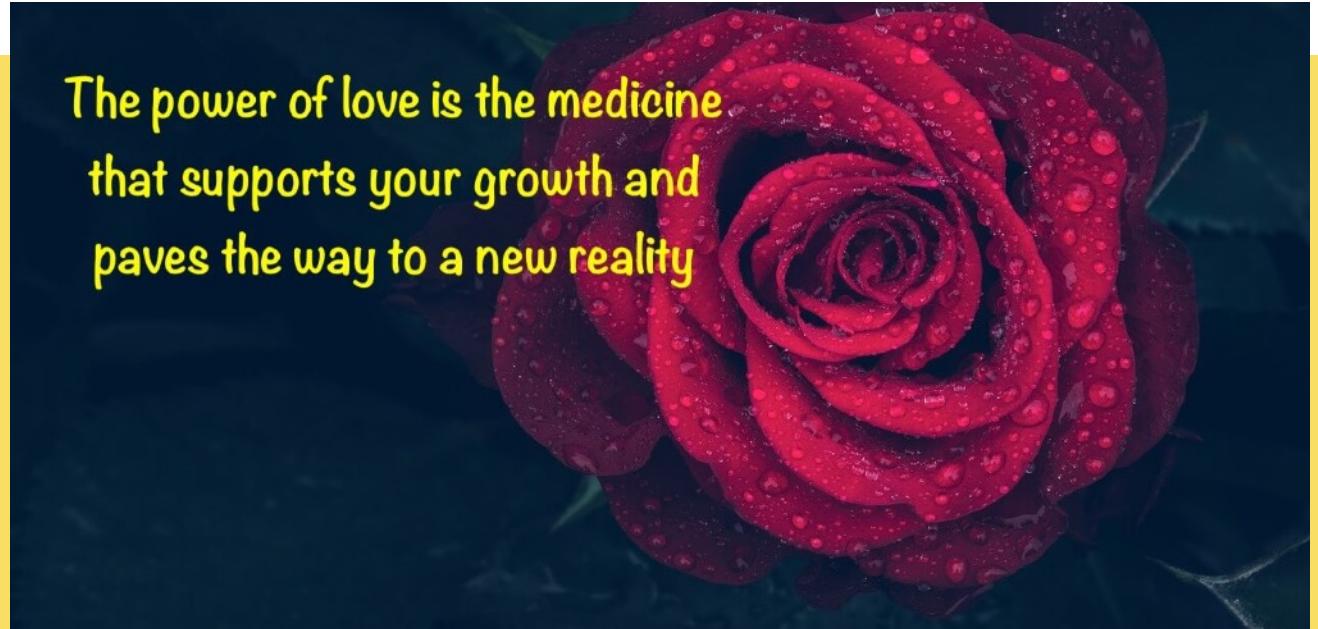

There is no evolution based on manmade rules that aim to divide and separate so that someone can rule. An empire, or world power, based on the conditioned thinking of separation will always fall. This is repeatedly demonstrated throughout human history.

Ceremony to Release Attachments to Judgement

We invite you to do a simple fire ceremony on the full moon (4th June in northern hemisphere). Join together distantly and release any judgements you may hold, for example judgements about other people, organisations, and social structures, as well as yourself.

- 1) Create sacred space by calling in the Spirit of the Earth and all the transcended and helping spirits you work with, such as power animals, angelic beings, and wise ancestors. If you wish you can sing a song, drum or rattle, or simply call the spirits using your own words.

**The power of love is the medicine
that supports your growth and
paves the way to a new reality**

- 2) Set an intention to become aware of the judgements you hold that no longer serve you and free yourself from carrying these energies. At the same time intend to experience the love that you are.
- 3) Light a small fire in your garden. If you do not have a garden or outdoor space you can light a candle, or some charcoal. Or you can visualise sitting in front of a fire. Ask the spirit of the fire to transform all the energy you release into light.
- 4) Fire has two key qualities. One is destruction, burning away and destroying what is. This is the fire that burns the trees of the forest, the lava that flows from the volcanoes, the searing heat of the desert. Fire also nurtures and supports. This is the fire that warms our homes, cooks our food, and we feel on a beautiful warm summer's day.
- 5) First invoke, in your own words, the fire of destruction. Offer to the fire all the judgements you hold. Release them fully. Let them go, so you can be free. As you offer these old energies to the fire, the fire transforms them into light.
- 6) When you feel this first stage is complete, ask the nurturing fire to flow into you and fill your body with light. Ask to be like the light of the fire - radiantly warming yourself and the world. See yourself glowing. You are much bigger than the conditioned judgements. You are the Light of Source, which is love. Feel this love embracing you until all you are is love. Experience this state for a while.
- 7) Then share this love with all beings. Intend to radiate love from your heart to all. The more you do this, the more you will come to realise how limiting these judgements were. You may even think, "Why did I carry them for so long? They are irrelevant to the truth of who I am." This is progress at soul level.

- 8) After a little while, when you are ready, gently bring yourself back from the practice by becoming aware of your body and the room around you. Thank Divine love for this practice, and all the spirit helpers you invited at the start, and thank yourself.
- 9) Release the spirit helpers. Ask that before they go they completely protect and seal you, your room, and home, as your spiritual practice is now complete.

This time on Earth, between the old world and the new, is a time of transition, a healing time where you have the chance to heal lifetimes of conditioned thinking, yours and your ancestors. This is also a time of evolution which supports expansion. The old ways will try to hold you back, so you may wish to repeat the ceremony at different times so that you continue to release these ties. The power of love is the medicine that supports your growth and paves the way to a new reality.

The Power of the Full Moon

by Fotoula Adriimi

Whilst some people find the power of the full moon unsettling and associate it with emotional outbursts and sleeplessness, shamans and spiritual practitioners regard the full moon as a special time. It is true that the power of the moon is far from subtle: it affects the waters and our emotional bodies; it shakes and moves our inner pendulum so that we find a healthier point of balance. At the same time, we can harness this power in a positive way, through ceremony.

Shamans and mystics follow the cycle of the moon and await with reverence the time of her fullness. The moon becomes a valuable and considerate ally, empowering their spiritual practices. Regularly performing a shamanic ceremony during the full moon time can alleviate any of the unwanted symptoms. It can also help us shift energetically, become a clearer channel for the helping spirits, and allow the spiritual energies to flow into our intentions. Thus, the moon can aid our manifestation work, whether this is for healing, birthing the new, creating movement and flow in our life, or letting go of spiritual blocks.

The full moon increases the flow of universal energy and this flow needs to be channelled and harnessed, otherwise it may catch us unaware. In my Greek tradition there are stories of people who do not heed the power of the moon finding themselves in difficult emotional and mental states and even, in extreme circumstances, losing their mind. Also, people who had a mental health crisis were described as moon stricken, and young children were told not to look directly at the full moon, in case they were affected by the energy.

When it comes to shamanic ceremony, the full moon becomes a welcomed ally, and especially when there is an eclipse. It is said that the power of a ceremony held during a full moon increases manifold. Some shamans and spiritual teachers claim that this multiplication not only applies to spiritual matters but also to everyday life. Consequently, they aim to perform good deeds during the full moon and avoid any unskilful actions that create karma. In other traditions, it is believed that those who pass away on the full or new moon, have completed their life's purpose and purified all the karma from this lifetime.

Earth Shamanic Ceremony during the Full Moon

During the ISIS Energy Transmission on 24th May, we received a channelling from a host of enlightened beings who identified themselves as the caretakers of life on Earth. These beings encouraged us to develop reverence for all life and lifeforms. They talked about the human beings serving life by working with the planet for the highest good and listening to the voice of the Earth. "Leave the Earth even more beautiful than you found it," they said to us.

They shared that we have been incarnating on Earth over many lifetimes, but originally we came here from other cosmic bodies, and parallel realities. They said that the Earth has its own natural rhythm,

called by some indigenous people, the song of the Earth. This song is based on what they call, the Cycle of Life. While we are on Earth we are part of this cycle. The enlightened beings encourage us to work for the Earth by accessing our light essence and the gifts of our spirit.

In this ceremony we work with the Spirit of the Earth for the Highest Good of all beings.

- 1) Firstly, create a little earth altar made entirely with materials you find in nature. Everything must come straight from the Earth, nothing can be manmade. For example, you can use leaves instead of an altar cloth, a shell for a chalice, little sticks for a fire (or if inside you can use also a meteorite stone, as it holds the fire element). You can decorate the altar with flowers, plants, herbs, even bones and feathers you find during a walk, whatever comes your way for this ceremony.
- 2) After you make your earth altar, create a sacred space by invoking your spirit guides, power animals, and the spirit of the Earth to assist you in this ceremony. The suggested intention for this ceremony is for you to manifest your light essence in your body, so that the Earth reality becomes an image of you; a world of light and harmony. When you feel, see, or perceive the spirits around you, drum or rattle, and sing a song for the Earth, as you bring yourself into a space of connection and higher awareness.
- 3) Then invoke the power of the full moon to flow through your body, as it flows everywhere on the Earth. Feel the energy of the moon coming through you, realigning you with your essence. Focus inside your body and ask to feel this inner glow, naturally expanding within you.
- 4) At some point you may feel a beautiful light that is radiating from within. Allow the light to expand. Place your hands, palm down, over your Earth altar and imagine or perceive yourself as a being of light, radiating high vibrational universal energy to the altar and from the altar to the Earth. The Earth is a place of life and light. Universal energy flows everywhere. It flows from you to the Earth and from the Earth and all beings back to you.
- 5) After a while, light the fire, the twigs you have, creating a flame; or alternatively rub the meteorite stone. Speak again your intention for the highest good of the Earth and all beings. Then stay in a quiet space and ask the spirit of the Earth to speak to you. Listen to the wise words that the Earth offers you.
- 6) When you feel the ceremony is complete, close your sacred space. Thank the Earth, your helping spirits and power animals, including your own infinite spirit. Ask the spirits to close and seal you and your space before they go. Finally, drink some water from your chalice and offer the rest to the Earth and the four directions.
- 7) Take all the materials you used in the ceremony and give them back to the Earth. You can leave them under a tree.

Thank you for working shamanically for the highest good of the Earth and all beings.

2 Year In Person Shamanic Practitioner Training

facilitated by Fotoula Adrimi, Shamanic Teacher

- starting November 2023 until October 2025, Glasgow

A shamanic practitioner is a bridge between the world of spirit and the alternative realities, and our own physical world. The practitioner crosses the bridge entering parallel universes to bring healing, life-force, guidance and deep awareness to themselves, their clients and their community.

The ISIS School offers a powerful and in-depth shamanic practitioner training course, designed to take participants through the initiations of the shamanic path and teach the healing work of a shamanic practitioner. Participants will work with spirit guides and teachers of the light, to become the bridge between the worlds and bring the spiritual light into the physical reality.

About the Training

The training covers cord cutting and dismemberment, ceremony, power retrieval, soul retrieval, shamanic journeying and divination, shamanic healing, shamanic transfiguration and medicine for the Earth, ancestral healing, death and dying, de-possession, extraction, moon and sun rites and shamanic re-birthing. It is a comprehensive course offering a strong foundation for shamanic practice.

The course is taught as a two year ceremony. It is not just about sharing information and techniques, during the time together we will be riding a shamanic wave on a journey home to ourselves. It is our hope that the ceremony will carry everyone to a new depth of inner understanding, during and outside the times we meet.

Places on the course are limited. Please get in touch with us as soon as possible to book your place. For more details see below.

Master Practitioner – Past Life Regression Therapy Course

New Course: Thursday 7th – Sunday 10th September

This four-day course, facilitated by Fotoula Adrimi, is a follow-up course for those who have completed the six-day Past Life Regression Course with the ISIS School

This is the follow-on course to the **Past Life Regression Practitioner Course** taught by the ISIS School. In this course we focus on different spheres of existence such as lives in parallel realities, realms outwith the physical world, planets and stars, and in what we call the future.

In this very important teaching we truly work multi-dimensionally. This teaching can transform your practice with others, and it is centred on offering a more holistic and rounded view of our multi-dimensional self. Below are some of the key themes of the course:

- The cycle of incarnation and cycle of time.
- Accessing the Akashic records and working with these records with your client.
- Accessing the Halls of Knowledge and the wisdom your soul is carrying.
- Lives in different realms, either parallel lives or past lives: A journey towards freedom and deep integration.
- Extraterrestrial lives. Are you still being influenced by them?
- Helping clients who have extraterrestrial experiences and severing unhealthy ties, while promoting the beneficial partnerships.
- Lives that you have lived in what we call the future.
- Next life: where do I go from here? Making sense of the journey.

These are just some of the themes and teachings we will explore experientially through regression. As we collect knowledge and energy from previous existences and parallel worlds, we have the opportunity to appreciate further our infinite Self and our Divine essence. At the same time we learn how to support others through past life work. The Course is certified. A certificate is issued following the course.

Prerequisite: Past Life Regression Therapy Course – Practitioner with the ISIS School of Holistic Health

Date: 10.30-17.30, Thursday 7th – Sunday 10th Sept
