# ISIS (ISET) Divine Mother of All offers words of wisdom to support our soul's evolution

**This is ISET (ISIS) the Divine Mother speaking** *(channelled by Fotoula Adrimi)*

**There is a great need right now** to access the gift of your light and send love to the world. Your world is doing exactly what it has been doing for the last few thousands of years, separating itself into different camps. As a light worker I advise you not to take sides, but to see these factions as the manifestation of a deeper division that exists within human nature itself – the disconnection between your physical self and your spiritual self, who is a being of love.

When you are walking in the world with judgement, a lack of compassion spreads around you. The instinct of survival fuels anxiety and fear. As a light worker I invite you to choose the middle ground that can hold everyone in a space of love.

*So many souls are here on Earth to learn a deeper truth about themselves.*

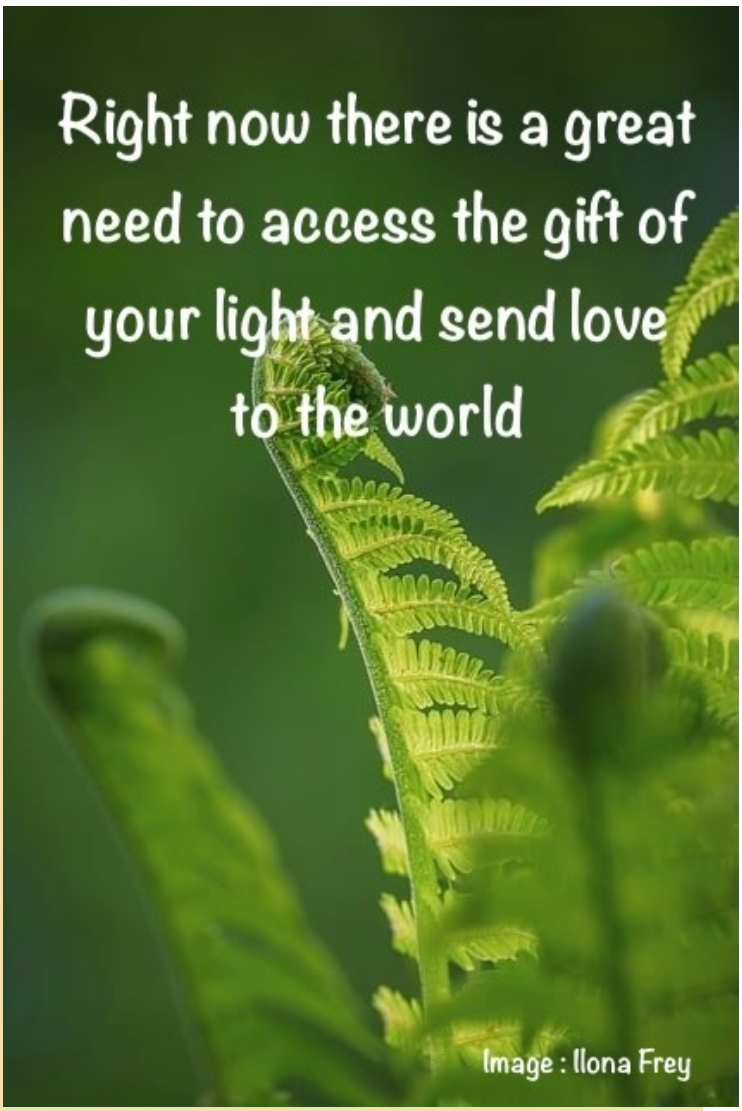

As part of this education, they forgo what they know they are within – a luminous spirit. And yet, despite the state of the world, more and more of you are remembering this truth. You may not remember a story; where you came

The channellings, practices and ceremonies contained herein are for your personal use.
Please do not teach this material as your own, as this is unethical.

from before being born here, what has happened to the Earth during different eras, or information about spirit guides. Sometimes remembering comes through the opening of the heart and through the power of grace, and realising that you are so much more than your present body.

## The Importance of the Body

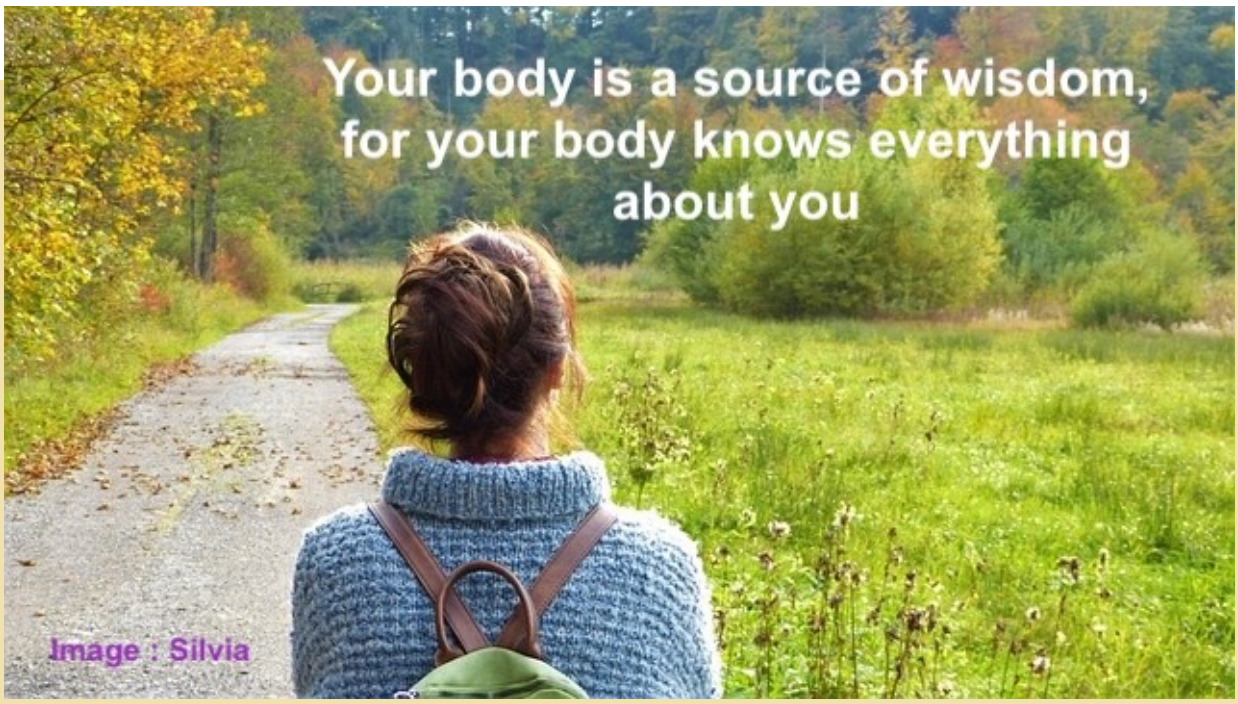

Your body is also a source of wisdom, for your body knows everything about you. When you came into the physical world, into the first cell from which your body grew, you downloaded and stored in your body, everything that is important for your soul in this life, to have the opportunity to gradually access. You have hidden sacred knowledge inside your cells that you are only able to retrieve through the opening of your heart centre.

It is very difficult to gain access to this knowledge with your mind alone. Your mind is conditioned and even when silent, it is connected to your ego. Simply meditating to communicate with your body when you are acting out of your ego is not enough. Your ego may not accept what your body is telling you, or it may give you different messages so it can feel validated. Such an ego can lead you astray.

The heart centre is a gate of unconditional love that can hold you during times of deep inner work. Sometimes you may find that the knowledge you are holding in your body is communicated to you via emotions that touch you deeply. Contact with your body's knowledge can bring you into tears of grace or into moments of a strong emotional release when you have no idea why you are crying. This is a sign your sacred heart is opening and that you are growing.

*The magnificence of your spirit is hidden within you.*

It is not separate from you. The separation between your body and your spirit is an illusion, a falsity. Your body and spirit are one.

When you die you have the opportunity to leave your body to the care of the elements, that will decompose it. However, at the time of your final exit, you take with you all the sacred knowledge you stored in your body during your incarnation. You also take with you all the knowledge, wisdom, skills, and insights, you developed in your current life. These will be with you for you to reflect on and understand at a deeper level, before you download them in your next body.

Whatever your experience is of this life, you are always evolving. And, whilst walking a spiritual path on Earth, you have the opportunity to make the soul evolution conscious. This is a huge step on the path of awakening.

## Living Consciously

On this path you may find and lose yourself many times. During your day there are times when you are aware and other times when you are living life in an unconscious way. The spiritual path invites you to bring more consciousness into your life.

*Set an intention at the beginning of each day*
*to live a conscious life.*

No matter what happens keep setting the intention, and keep delving into the book of wisdom whose chapters are your lived experiences. They will guide you into your Divine self.

The key of life is given to you every time you are born in this world, but it does not mean that you will always have the opportunity to unlock life's doors. For many the path of the mystic remains hidden behind the veils of the conditioned reality. Nevertheless, for those who have the courage to lift the veils a new way of being

may emerge. This way is one of compassion, awareness, and love. This is the beginning, middle, and end of this road.

May every step you take, lead you back to the love that you are, for this is the greatest gift you can offer to yourself and the world.

Esoteric knowledge without love is meaningless, for there is no soul growth just information. Growth takes you towards the embodiment of the radiant spirit.

### The Soul's Perspective

Life, the enlightened ones, and your own soul support you on your journey towards awakening. In the world of duality, your experiences are seen by your personality as positive and negative, while your soul sees the same experiences differently – as conscious or unconscious living. During these times you have the opportunity to detach from the dramas of this world and bring more consciousness into your life's journey. These are the times when you can transition from the conditioned self to the awakened spirit, individually and collectively.

Your world is changing to embrace a bigger reality, which is the gift of these times. As you stand at this cusp, ask to walk a path of light with both feet. Your inner self is listening.

The enlightened ones gather around you and high vibrational energies of light flow to the Earth. Most people connect to these energies for healing, however the highest gift they are offering you is a space of awareness and deeper connection. Now is the time when spiritual practice can open channels within you that can help you grow and evolve. Many souls have come to Earth for this purpose, and you may be one of them.

# I didn't choose Shamanism – Shamanism found me

## *– how life led me on a journey into the spirit world*

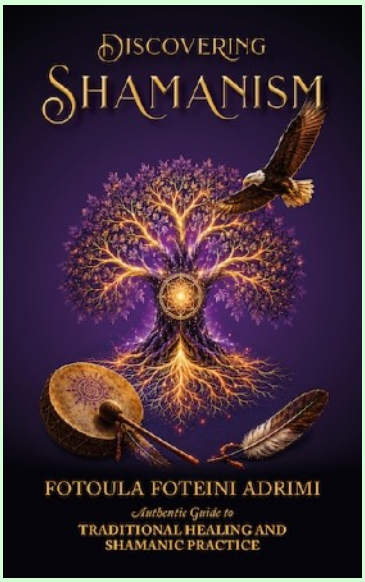

*by Fotoula Adrimi*

*Larry Bloomfield and Fotoula Adrimi in conversation about Fotoula's journey into shamanism and the inspiration for her new book – Discovering Shamanism – (click photo to play)*

**Fotoula writes:** Sometimes life takes us on a journey that we could never have imagined or planned for ourselves. Looking back over my life, I can see how certain experiences, encounters and events gradually opened a doorway into a world that was waiting for me to discover it. My journey into shamanism was not something I had consciously set out to pursue. I did not even know what the word meant, as, at the time, we did not have the word shamanism in Greek, we use a different term. Rather, life itself seemed to be guiding me towards a deeper understanding of who we are, why we are here and the spiritual reality that exists beyond what we can see with our physical eyes.

**Shamanism** has been part of my life for almost twenty years now, and it has changed the way I experience the world. Through shamanic journeying, ceremony and my relationship with compassionate helping spirits, I began to understand that we are never truly separate from the great web of life. The Earth is alive, nature speaks to us, and there is a world of Spirit with which we can develop a conscious and loving relationship. And what began as a personal spiritual journey gradually became my life's work.

Discovering Shamanism

Of course, walking a spiritual path does not mean that life suddenly becomes easy or that we no longer face difficulties. Quite the opposite. Some of our greatest teachings come through the challenges we encounter and the moments when everything we thought we knew begins to change. Shamanism has taught me to look beyond the surface

of things, to listen more deeply and to recognise that even our most difficult experiences can become opportunities for growth, healing and transformation.

Over the years, I have had the privilege of studying with wonderful teachers, including **indigenous shamans** who carry ancient traditions, and of sharing these teachings with hundreds of people. Yet one of the most precious things I have learned is that shamanism is not simply about extraordinary spiritual experiences. It is about how we live our life, how we honour the Earth, how we relate to one another, how we listen to our inner guidance, and how we bring our spiritual understanding into the everyday world. The sacred is not somewhere far away. It is here, in the very fabric of life.

In this conversation with **Larry Bloomfield**, I share the story of my journey into shamanism and how it became such an important part of my life. It is also the inspiration behind my latest book, *Discovering Shamanism: An Authentic Guide to Traditional Healing and Shamanic Practice*, published by Alley Cat House.

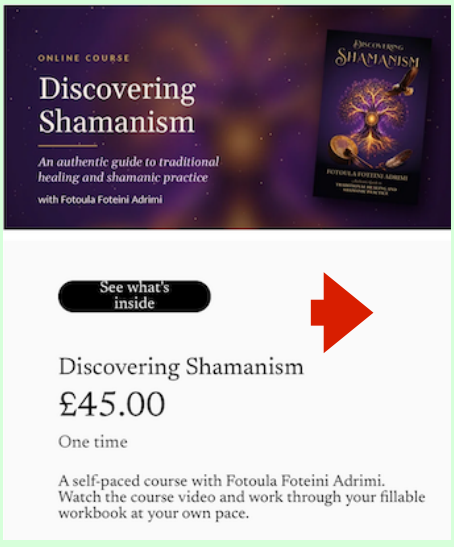

Alongside the book, there is an **online companion course** (see below) where I guide participants through shamanic journeys with my drum, helping them begin their own exploration of the spirit world. This book and course is for everyone. No previous experience is needed; it is very accessible. My hope is that by sharing my experiences, others may feel encouraged to listen to the deeper calling within their own hearts and discover where life is inviting them to go.

With love, Fotoula

## A Dedicated Course to Accompany the Book – *A self-paced course with Fotoula Foteini Adrimi*

**Fotoula says: "**I am also delighted that my publisher, **Alley Cat House**, is offering a dedicated two-hour online course based on *Discovering Shamanism*.

In the course, I guide you through some of the key practices in the book, including setting sacred intentions, creating sacred space, connecting with compassionate helping spirits, journeying to the Lower World to meet your power animal, exploring the Medicine Wheel and journeying to the Upper World to meet your spirit guide.

We also explore singing, movement, ceremony and creating your own shamanic altar.

The course includes a downloadable workbook with exercises and reflections, helping you deepen your experiences. You can follow the teachings in your own time, returning to the practices whenever you wish."

# In Person Shamanic Practitioner Course

## Join us in February 2027 – book your space

**A shamanic practitioner is a bridge** between the world of spirit and the alternative realities, and our own physical world. The practitioner crosses the bridge entering parallel universes to bring healing, life-force, guidance and deep awareness to themselves, their clients and their community.

The ISIS School offers an in-depth **In Person Shamanic Practitioner Training** designed to take participants through the initiations of the shamanic path and teach the healing work of a shamanic practitioner. Participants will work with spirit guides and teachers of the light, to become the bridge between the worlds and bring the spiritual light into the physical reality.

### How is the Shamanic Practitioner Course designed?

This is a powerful shamanic practitioner course that involves learning and practicing ancient ways. The course is designed to take participants through the initiations of the shamanic path and teach the healing work of a shamanic practitioner.

### What will the Shamanic Practitioner Training cover?

The training covers ceremony, Power Retrieval and Introduction, Healing with Spiritual Light, Medicine for the Earth, Shamanic Journeying and Divination, Soul Retrieval, Extraction, Psychopomping, Death and Dying, and finishes with a Graduation Ceremony. It is a comprehensive course offering a strong foundation for shamanic practice.

### How long is the Shamanic Practitioner Course?

The whole shamanic practitioner course is taught as a **two year ceremony**. It is much more than sharing information and techniques. We will be riding a shamanic wave on a journey home to ourselves. We hope that the ceremony will carry everyone to a new depth and inner understanding of themselves, within and outside the times we meet.

## About the Shamanic Practitioner Course

To graduate as a shamanic practitioner participants need to complete all modules and casework, and attend the graduation ceremony. This is a commitment each participant makes with the wise spirits / guardians of these ancient teachings. The shamanic practitioner course teaches the methods but it is up to participants and their wise spirit teachers to develop the art. No-one can make us a practitioner. It is an inner calling and a gift from spirit to the person.

Once you sign up, changes may take place to align you with your path and soul's calling.

## Places are limited

Bookings are essential. We teach in small groups to allow space for each person on the training to speak and be heard. *(Note: Should there be any restrictions to meeting in-person (eg lockdowns) the course will continue online for the affected meetings.)*

If you are interested in the Shamanic Practitioner Course email Fotoula: info@isis-school.com

**In addition**, there may be spaces available for anyone who has already completed the Shamanic Practitioner Course with The ISIS School of Holistic Health Ltd, and wishes to repeat the course. Please contact us.

## Shamanic Teacher – Fotoula Adrimi

Fotoula Adrimi is a highly experienced shamanic teacher who radiates the light of compassion to her students. She has been holding weekly shamanic circles and workshops since 2009 and teaching shamanic practitioners since 2012.

## What People Say – Paulo, Portugal

*"Fotoula and Fi are a safe haven for the soul. Although this is a course on shamanic practices, I felt that it's mainly a deep dive into your Self, face to face with your soul. Unlike other courses, I never felt that there was something to be fixed. I never felt the "wrong", the "must do", the "must be". I felt like Home. Not the family home, where you somehow have to adjust. But the kind of Home where you can Be! Although I had to travel all the way from Portugal to attend the course, I never regretted it, not for one second. I will be forever grateful for this journey with the beautiful circle and the wonderful teachers. And now I can finally say to my Soul: I see You!"*

# Shamanic Dance of the Sacred Spirits
## In Person – Glasgow, Monday 21st December

### We meet near the Winter Solstice – 18.00-21.00, Monday 21st December

The Enlightened Shamanic Spirits have asked us to hold the Shamanic Dance of the Sacred Spirits **every three months** at the time of the equinoxes and solstices. They say, "the Ceremony is a healing dance for the Earth, everyone taking part, and all beings. It is a dance to bring change to your world and increase the vibration of the Earth, healing disharmony and suffering. This is a circle of service, for those with a pure intention to work for the highest good."

### The Sacred Dance

In the dance we will merge with helping compassionate spirits to bring healing to ourselves and the world reality. We will journey to the spirits of the dance and then invite them to come through our body as we move to the sound of the drum, chanting, and tribal music. We will release heavy energy and bring in higher vibrational Light. At the end we will do a transfiguration practice to release the spirits. Fotoula has also found that just before the ritual ends, beings who have died but have not gone to the light can come to the altar for release. If this happens she will guide a psychopomping.

If you wish to come and cannot dance or dance for the whole time, do not worry. You can sit and participate with your intention, play your drum or rattle, and still be part of the ceremony. The dance part only lasts 30-45 minutes. There will also be time for a sharing space afterwards where we can speak the wisdom that comes through our wise heart.

### Details about the Sacred Dance Ceremony

**Time**: 18:00-21:00 *(Please note we start at 18:00 not 19:00)*

# The Healing Art of Shamanic Drumming

## Shamanic Drumming Practitioner Course

### 6th - 7th March 2027 – In Person, Glasgow, UK

The Course is open to anyone who feels drawn to work with **the shamanic drum** and who wishes to learn more about shamanic drumming as a healing tool. Whether you are a therapist, an energy healer, or are in love with the magic of the Earth – shamanic drumming can elevate your practice.

The **shaman's drum** is much more than a drum. It is much more than a musical instrument and healing tool. The shamanic drum is the gateway and the physical manifestation through which enlightened spirit beings can perform healings.

### The Drumming Practitioner 2-day Course – what you will learn

**Day one** is an introduction into the practice. The journey starts with people getting to know their drum and then empowering their drum through the power of the elements. Participants start to know and work with the portal of Fire.

**On Day 2** participants learn:–

- how to call the spirits and how to make your own drum spirited as per the indigenous traditions;

# Priestess of the Moon™ Training

## New Circle beginning February 2027

***last remaining spaces***

### A two-year Training that supports women to embody their sacred power

For thousands of years ceremonies took place in sacred sites overseen by Priestesses and Priests of the Living Light. This lineage, that was also found in Scotland, is being reintroduced through The ISIS School of Holistic Health Ltd. The ceremonies and teachings take women into a magical journey of self-empowerment and deep realisation of their inherent gifts.

The Celtic Goddesses and spirits of the land welcome back the women who open their heart to their deep connection, ancestral wisdom and magic.

As one Circle ends a new Circle is about to begin – our beautiful graduation Ceremony in Kilmartin for our Priestess of the Moon 2025-26 Training

### The Priestess Training Programme

The Priestess of the Moon™ Training is based on the Celtic Pagan tradition but at the same time, adopts a cross-cultural approach. During the course we explore ancient traditions of the Goddess and female priesthood from different cultures around the Earth, such as ancient Greek, ancient Egyptian, Shamanic, Native American and Himalayan.

Participants can find their own representation of the Goddess in whatever way is suitable for them and their beliefs.

The Priestess Training begins with an Initiation in a Stone Circle of the Sun and Moon, an ancestral place of power, where we make the commitment to walk the Path of the Priestess and support each other as women co-creating a Circle of Sisterhood. We bring our gifts into the world and share them with All.

The Course will teach you how to hold Ceremony for yourself, the circles of people who will come to you, and the people who wish to go through Rites of Passage. During the two years we share the Priestess of the Moon Ceremonies:

- the Sun Festivals – the equinoxes and solstices, and the Fire Festivals – Imbolc, Beltana, Lammas, Samhain;
- the different phases of the Moon – the dark moon, new moon, waxing moon, full moon, waning moon;
- Ancestral healing ceremonies;
- Womb Rites – womb healing and activation;
- Naming ceremony – for babies and adults;
- Funeral service;
- Sacred Marriage to the higher self;
- Hand Fasting Ritual;
- Working with the Fae and spirits of the land;
- And many other ceremonies and teachings.
