

ISIS (ISET) Divine Mother of All offers words of wisdom to support our soul's evolution

This is ISET (ISIS) the Divine Mother speaking (*channelled by Fotoula Adrimi*)

The great mysteries of the soul are known to those who connect to their higher consciousness through the path of the wise heart. The ego-mind focusses on techniques and methods. Useful as these may be, they must serve a purpose towards the awakening process. All the practices and protocols that you may have, whether ancient or modern, should lead to the quiet place where true power, connection, and light can be accessed.

This power and light, that is accessible when you connect with higher states of consciousness, is revealed to you from within, as well as from the outside. Even so, in the higher consciousness state there is neither within or outwith, you are in a state of connection and oneness. You are part of the web of light and there is no separation.

The power and light that you discover within and you self-generate, is the same power and light that flows into the cosmos. You are a cell in the body of creation. The energy of the body is distributed throughout the organism.

The key is to become aware.

The channellings, practices and ceremonies contained herein are for your personal use.
Please do not teach this material as your own, as this is unethical.

Many people, attracted to the spiritual path, are looking for miracles. You may sense that there is a force that is beyond the physical world. This force, this power of creation, that also flows through you, is the light that becomes accessible through awakening.

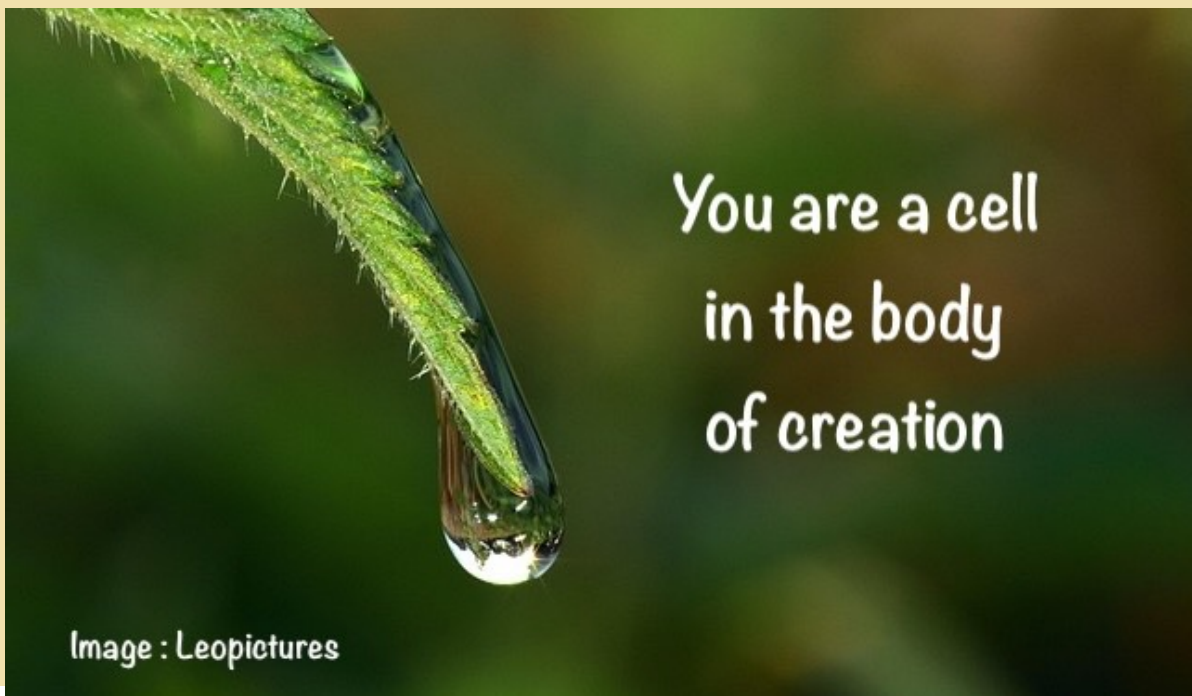

This light cannot be manipulated. It is not a tool or a medium, it is Divine consciousness itself.

Some try to use this light for their own agenda. They use mental energy to achieve their goals. This may serve them for a while, but it does not take them far in their spiritual journey of soul evolution. A mental use of etheric energy may create problems for you if it comes from the ego-mind and does not serve the highest good. It may lock you into lower vibrational planes where you find yourself stuck for long periods, even for lifetimes. A higher state of consciousness is achieved through a higher purpose which comes from the deep wisdom of your soul.

The Soul's many Aspects

Your soul, the part of your essence that resides in your body, is not just one aspect. There are multiple aspects of what is called the soul, and these aspects are all available to you and work through you at different times. To illustrate, some of these aspects are:–

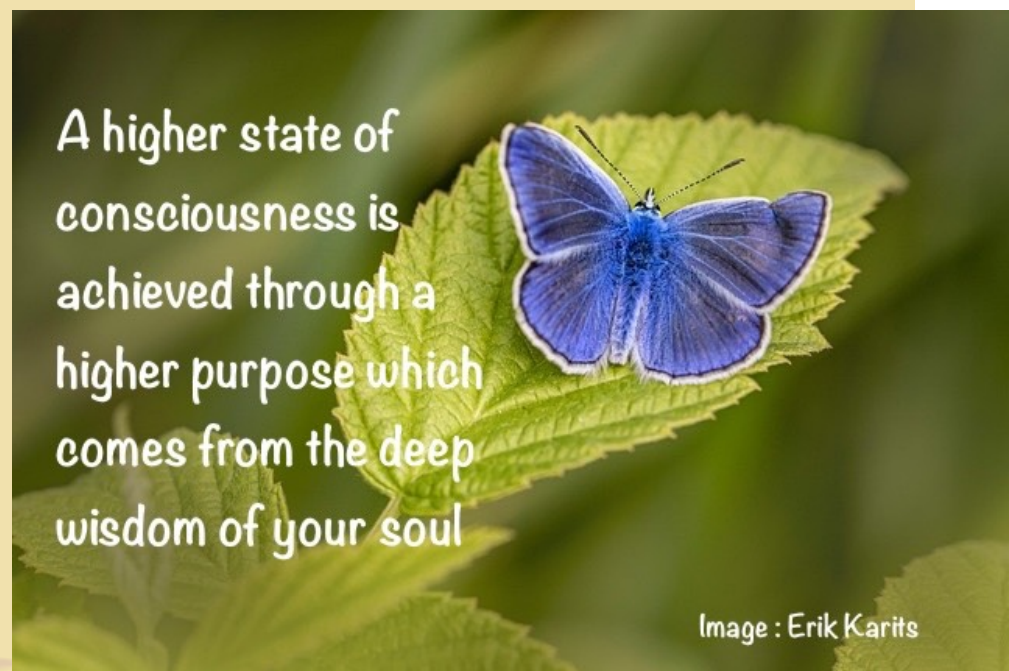

- ❖ **the eternal soul**, which you may call your spirit, or the Divine self within, has no beginning and no end. This is the wise, enlightened spirit that you are, beyond form;

- ❖ **the multi-dimensional soul**, which interacts with the cosmos and the different cosmic planes, is the part that brings you the experiences you need to meet in this lifetime. This aspect of the soul is connected to your purpose for incarnation. This is the etheric soul into which your consciousness flows when you sleep. This soul aspect is not bound by the physical body; and
- ❖ **the karmic soul** is linked to the body and physical life. This aspect of the soul tries to evolve by developing a deeper understanding of its nature through the various experiences it encounters in the journey of life. This is the human soul that most people identify with.

The aim of spiritual awakening is to help the karmic soul become aware and awake and become one with the eternal and multi-dimensional soul. When there is no longer any separation you will experience the unity of spirit.

The eternal and multi-dimensional soul aspects are also part of you and they operate through a high dimensional field. Most people are not aware of these aspects within them. These aspects influence your physical life in a quiet way and support the bigger picture of the soul's evolutionary journey rather than the wishes of the personality.

Many people get glimpses of their eternal and multi-dimensional soul at different times in their life, when these higher aspects are speaking to them. They may feel as if they are in a beautiful flow with life, and they may experience a level of contentment that is irrelevant to life's circumstances.

The Karmic Soul

When you feel contentment in your daily life, no matter what is happening around you, your karmic soul is gradually merging with your eternal spirit. Conversely, when you feel disheartened or burdened by life's events, you are experiencing the aspect of the karmic soul.

In order to lift the burdens of the karmic soul, it is good to realise it is not your life that is the issue, it is your level of consciousness. At these times, embrace a higher consciousness, actively call forth your eternal soul to support you and raise your awareness. Then, as you grow, you may find that you have the power to change the circumstances of your life.

If your consciousness arises through an awakening process, then life may well be re-arranged and become aligned with the understanding and wisdom you now possess. However, if you find that even when life changes you are still discontented, generally you have not yet addressed the deeper issue of the karmic soul's burden.

Higher Awareness – the Path of the Heart

The shift that you are invited to step into during these times, is a shift in consciousness, that is currently enabled in your world through the higher energies of light that flow into the planet through the web of light. This is what the karmic soul has asked for, without realising it – the release of the karmic burden and the awakening into its eternal light where no separation exists.

The separation state between the different aspects of the soul is only an illusion. It exists in the Earth reality as a means towards enlightenment. When you become a spirit again through the process of death, you have the opportunity to awaken out of the illusion of separation and realise that you are the One Eternal Being. It is only when you are on Earth, in the conditioned lower consciousness of the planet, that this state of separation exists.

Look around you and you will see the marvels that this separation and karmic soul has been creating – wonderful gifts of technology, science, art, and knowledge. All these wonderful achievements are just tools that the unaware soul has been using.

**True power lies through the door
of the heart. It is Divine love
that leads back to unity**

The karmic soul, despite all that it has achieved in the material plane, has become even more alienated from its Divine nature.

In the higher picture the karmic soul has regressed rather than progressed, as the level of separation in humanity has rarely been greater. The main reason is that throughout its journey the karmic soul has not realised that the biggest gift of true power lies through the door of the heart. It is this road through Divine love that leads back to unity.

The mysteries the soul are a living teaching through the opening of the heart centre into the power of creation. They have always been accessible to those who find the courage to cross the threshold into their Divine heart – which is the true expression of themselves beyond the conditioned world.

Theme : Deeper into the Underworld

We travel deeper into the underworld, in the domain of Ptah and beyond, immersing ourselves in the abyss Nu, where the One Consciousness speaks about the path of creation and the intentions behind it. The Monad, as the soul that births other souls, is an important stage in the creation of the cosmos and its archetypal quality may be activated within ourselves, once we have entered the space where nothing exists.

Shamanism Podcast: The Exploding Human with Bob Nickman

Instead of a shamanic article, we are sharing this podcast

Imagine you know nothing about shamanism and what shamanism means. Fotoula and Bob discuss this ancient art – how it is traditionally taught and how it can be shared in a modern setting. Fotoula speaks about:

- ❖ What is the traditional transmission of shamanism?
- ❖ The misconception about needing to consume hallucinogenics to connect with spirit. Fotoula sites her numerous experiences of working closely with indigenous shamans from the East and West, as well as her extensive knowledge of teaching shamanism without any external substances. She says, “Connection to spirit is inherent in us.”
- ❖ What is shamanic purification and how can we help people with phobias and depression?
- ❖ Invasive thoughts – are they ours?
- ❖ How sage helped remove the heavy energy in a US property, after a shooting
- ❖ How to smudge
- ❖ How does a shaman perceive disease? Fotoula sites different examples that may resonate with you.
- ❖ What is shamanic training and how can you walk the path for personal transformation and awakening?

These and many other questions are discussed. For more information on shamanism, a shamanic way of life and the shamanic path as a way of spiritual evolution, check Fotoula's book: *The Golden Book of Wisdom: ancient spirituality and shamanism for Modern Times.*

News: Summer Solstice 2026 Retreat with Himalayan Shaman Bhola Banstola

Fotoula and Fi with Bhola Banstola

Over the Summer Solstice weekend we hosted a retreat of Himalayan traditional shamanic teachings with lineage Shaman Bhola Banstola. Bhola took us on a journey of ancestral healing, deep purification, empowerment, transmission of ancient knowledge, and initiation. No words can describe what happens during these retreats, as these ancient teachings are so unique. We had a profound time, co-created by an exceptional group, as we focused on ritual and ceremony.

A shamanic practitioner is a bridge between the world of spirit and the alternative realities, and our own physical world. The practitioner crosses the bridge entering parallel universes to bring healing, life-force, guidance and deep awareness to themselves, their clients and their community.

The ISIS School offers an in-depth **In Person Shamanic Practitioner Training** designed to take participants through the initiations of the shamanic path and teach the healing work of a shamanic practitioner. Participants will work with spirit guides and teachers of the light, to become the bridge between the worlds and bring the spiritual light into the physical reality.

How is the Shamanic Practitioner Course designed?

This is a powerful shamanic practitioner course that involves learning and practicing ancient ways. The course is designed to take participants through the initiations of the shamanic path and teach the healing work of a shamanic practitioner.

What will the Shamanic Practitioner Training cover?

The training covers ceremony, Power Retrieval and Introduction, Healing with Spiritual Light, Medicine for the Earth, Shamanic Journeying and Divination, Soul Retrieval, Extraction, Psychopomping, Death and Dying, and finishes with a Graduation Ceremony. It is a comprehensive course offering a strong foundation for shamanic practice.

How long is the Shamanic Practitioner Course?

The whole shamanic practitioner course is taught as a **two year ceremony**. It is much more than sharing information and techniques. We will be riding a shamanic wave on a journey home to ourselves. We hope that the ceremony will carry everyone to a new depth and inner understanding of themselves, within and outside the times we meet.

About the Shamanic Practitioner Course

To graduate as a shamanic practitioner participants need to complete all modules and casework, and attend the graduation ceremony. This is a commitment each participant makes with the wise spirits / guardians of these ancient teachings. The shamanic practitioner course teaches the methods but it is up to participants and their wise spirit teachers to develop the art. No-one can make us a practitioner. It is an inner calling and a gift from spirit to the person.

Once you sign up, changes may take place to align you with your path and soul's calling.

Places on the course are limited

Bookings are essential. We teach in small groups to allow space for each person on the training to speak and be heard. (*Note:*

Should there be any restrictions to meeting in-person (eg lockdowns) the course will continue online for the affected meetings.)

If you are interested in the Shamanic Practitioner Course then email Fotoula: info@isis-school.com

In addition, there may be spaces available for anyone who has already completed the Shamanic Practitioner Course with The ISIS School of Holistic Health Ltd, and wishes to repeat the course. Please contact us.

WISDOM

In shamanism we look at the world around us with eyes of wonder. We are a spirit and as we open up to our luminous essence we can see the spirit in every being. We then hear the voice of the earth saying to us "Welcome Home".

Past Life Regression Therapy – *healing the present through healing the past*

Fotoula Writes

After graduating from an advanced 12 month Clinical Hypnosis Course from the University of West London and the London College of Clinical Hypnosis, I immediately found myself working in the past life regression field. I have always had a fascination with past lives, and knew instinctively they held some of the answers to issues and questions we face in our current life.

However, the biggest problem for me was one of safety. I had been told many stories of people who had gone to past life therapists who had only completed a weekend training, sometimes online or pre-recorded, and were left in trauma. The people shared that they felt stuck in the past life trauma on top of what they were experiencing in their everyday life. One man said, “I was taken into a life where I had been hanged. I could feel myself hanging at the end of the rope, and I have not been able to forget it.” This is where a little knowledge can be harmful.

Past Life Soul Retrieval

After my Clinical Hypnosis Course, I realised that Shamanism held another part of the picture. It became evident to me that when people die the soul parts that they may have lost in their life through trauma, may not always reunite with them at death, and that the ancient teaching of soul retrieval applies to past lives too.

Thus, when I did Past Life Regressions I found the soul parts of my clients and helped them cross over and go through the healing process that occurs naturally at death. Only then did I bring these parts back to the client so that the client was not stuck in the past life trauma, and instead experienced peace and resolution. This past life soul retrieval and psychopomping has the potential to bring huge results on many levels. It taught me and my clients that deep healing can take place in the present reality and in their current life by resolving issues from past lives.

After practicing this way for over 15 years, I had a personal experience with past life soul retrieval therapy. Three years ago I was diagnosed with sciatica and could not sit comfortably for any length of time. The pain was debilitating. On new year's day, after a walk with Fi, my colleague, we came back to her home and started watching a film. After a little while I could no longer sit – my lower back was cramping and the pain was shooting down my leg. Fi, who has completed the Past Life Regression Therapy work I teach, offered to do a healing. I had already tried many different healing modalities, massages, homeopathic remedies, rolfing etc without any lasting relief.

Fi guided me into a past life in the 18th century. I immediately found myself on a battlefield with two bullets in my body at the exact site of my pain. I was then guided further back in the same life so that I could understand how I came to be on the battlefield and what was the purpose of that lifetime. Finally, once I was guided through the psychopomping and retrieval of my soul part, the pain disappeared and has never returned. *(As with any alternative therapy, this can only be regarded as anecdotal evidence, but personally I am so grateful for the healing I received).*

Past Life Regression Therapy Course

In the Past Life Therapy Course I teach, I empower participants to do their own work by experiencing a past life that needs healing. At the end people experience a deep sense of peace, no matter what they felt or saw in the past life.

Another gift of this work is experiencing the space between lives. This space may open during a regression so that the person can also overcome the karma of the past life and understand what the karma is about and how it can be cleared. In these situations we work with compassionate Enlightened Spirit Beings called, 'the Lords of Karma,' who direct the process and hold the person in so much love while offering their support unconditionally. In this space the person is re-writing the book of their life, transforming what happened, and allowing a new, healthier chapter to emerge.

This is why the course is over six days and that the people who come to us genuinely wish to be able to help others rather than just 'gain another certificate.' Each time we facilitate the Course we are so grateful for the people who join us and for their stories. And it is also fascinating to read their case studies and how they have brought deep healing to many.

Priestess of the Moon™ Training

Registration is now open for the new Priestess of the Moon Circle beginning February 2027

Priestess of the Moon Training

Answering the call of the Moon

A new Circle begins in Feb 2027

A two-year Training that supports women to embody their sacred power

For thousands of years ceremonies took place in sacred sites overseen by Priestesses and Priests of the Living Light. This lineage, that was also found in Scotland, is being reintroduced through The ISIS School of Holistic Health Ltd. The ceremonies and teachings take women into a magical journey of self-empowerment and deep realisation of their inherent gifts.

The Celtic Goddesses and spirits of the land welcome back the women who open their heart to their deep connection, ancestral wisdom and magic.

The Priestess Training Programme

The Priestess of the Moon™ Training is based on the Celtic Pagan tradition but at the same time, adopts a cross-cultural approach. During the course we explore ancient traditions of the Goddess and female priesthood from different cultures around the Earth, such as ancient Greek, ancient Egyptian, Shamanic, Native American and Himalayan.

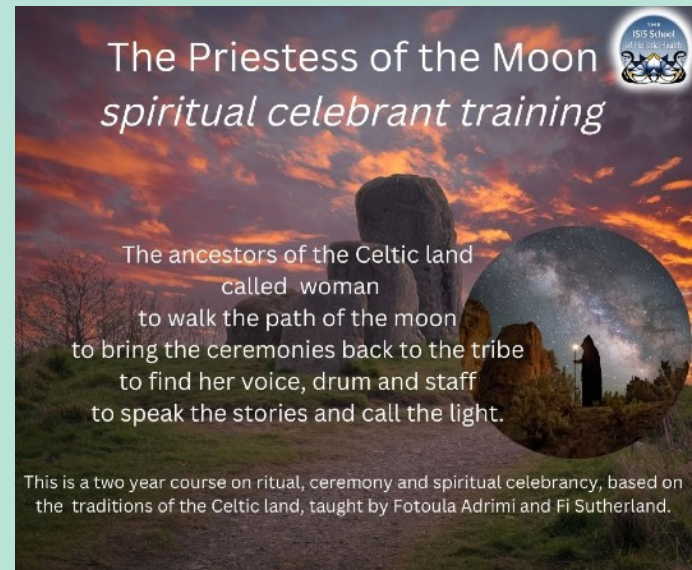

Participants can find their own representation of the Goddess in whatever way is suitable for them and their beliefs.

The Priestess Training begins with an Initiation in a Stone Circle of the Sun and Moon, an ancestral place of power, where we make the commitment to walk the Path of the Priestess and support each other as women co-creating a Circle of Sisterhood. We bring our gifts into the world and share them with All.

The Course will teach you how to hold Ceremony for yourself, the circles of people who will come to you, and the people who wish to go through Rites of Passage. During the two years we share the Priestess of the Moon Ceremonies:

- the Sun Festivals – the equinoxes and solstices, and the Fire Festivals – Imbolc, Beltana, Lamma, Samhain;
- the different phases of the Moon – the dark moon, new moon, waxing moon, full moon, waning moon;
- Ancestral healing ceremonies;
- Womb Rites – womb healing and activation;
- Naming ceremony – for babies and adults;
- Funeral service;
- Sacred Marriage to the higher self;
- Hand Fasting Ritual;
- Working with the Fae and spirits of the land;
- And many other ceremonies and teachings.

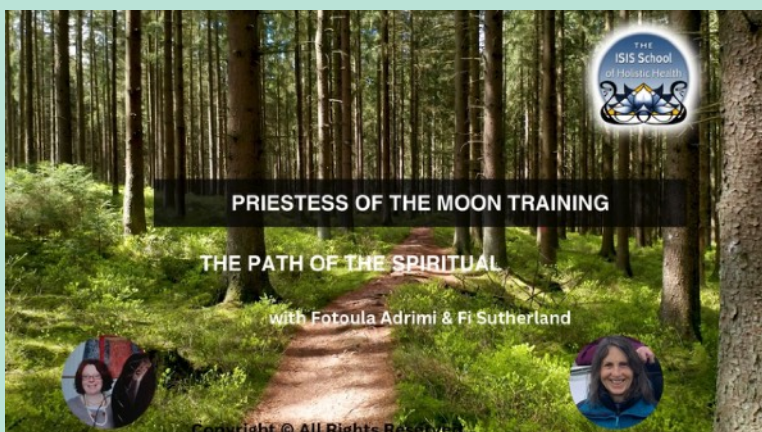

How to join the Priestess of the Moon™ Training

If you are interested in joining the Priestess of the Moon Training contact Fotoula and Fi for the Registration Forms – email: info@isis-school.com
